

U.S. DOE APPLIANCE STANDARDS RULEMAKINGS SCHEDULE- 2014

*Prepared by Appliance Standards Awareness Project
Updated February 14, 2014*

The following schedule includes completed and estimated dates for U.S. Department of Energy (DOE) rulemaking activities for 2014. Dates for prospective events are based on the published DOE schedules, if available, or ASAP estimates. The “status” column indicates completed items and items that have passed without DOE completing them. Items highlighted in **yellow** are those for which DOE has missed a statutory deadline, or, in the case of certain IRLs, a self-imposed deadline for completing a new standard.
